

Western
Colorado Amateur Radio Club is now enrolled in the City
Market Community Rewards Program!

This is an easy way to support WCARC and is available by establishing a digital account at City Market.

New users will need to create an account which requires some basic information, a valid email address and a City Market loyalty card. For those who do not have a City Market loyalty card they are available for free at the Customer Service counter of your local City Market store.

If you have a digital account already simply log into your City Market account and search for Western Colorado Amateur Radio Club, Inc. either by name or our NPO Number SS693 and then click Enroll.

Once you have enrolled and linked your City Market loyalty card you contribute by swiping your loyalty card or using the phone number that is related to your loyalty card every time you shop for groceries!

Here is the link on the City Market Website for you to enroll:

<https://www.citymarket.com/i/community/community-rewards>

Additional benefits to having a City Market Loyalty & Digital Account is that you have access to digital coupons, earn fuel points with every purchase and now you can support the Club at the same time.

(Signing up for the Community Rewards does NOT impact the fuel rewards program.)

Some people may already have their account set up for another organization. Unfortunately, you can only select one. We do understand if you have another organization near & dear to your heart that you would prefer to keep as is.

We will be available after the Club Meeting on Saturday, 14 June to assist anyone who wishes to sign up and needs help. You will need to have a Loyalty Card from City Market and have your user name & password for your City Market Account.
